MY CREATIONS

CLIENTS OF BELZABAR

jonestrading.com
Built with Bootstrap-Basic Wordpress theme.
Created the mockup. After approval converted to HTML, CSS and then implemented the interfaces working along with fellow wordpress developers

kasina.com
We built our own and named it kasina responsive theme(wordpress)
Created the mockup and then converted to html and then further to new wordpress theme

bancredito.com
Full UI done by me and integration with backend team mates

PERSONAL

sbhar.byethost8.com/wordpress
my blog

sugataforum.byethost18.com
a vbulletin forum

sugataportfolio.firebaseapp.com
a portfolio of javascript apps
